

We are a catering company established in 1981, based in Essex. We serve the London area, as well as all of the Home Counties.

We began running the food outlets for Boreham Wood Football Club as well as providing hot food hospitality from pre-season in 2011.

Due to its success, the club has chosen us as their catering company of choice and we will now take complete care of all the catering and food at the club. This includes all buffets and food for functions now being cooked and prepared by us (if required).

As such we have put together a range of menu's that we feel could be of interest.

However we can provide anything whether that be lay and lie buffets, BBQ's, hog roasts or silver service banqueting. If there is something else that you require that is not on the menu, then please feel free to contact us and we can cater for your exact taste and budget.

If you have any questions or would like to speak with us, please feel free to do so, our job is to assist you at every step in creating a special and memorable function.
