***Tonight we welcome Solihull Moors to the Mangata Developments Stadium. May I wish their Directors, Manager, players and supporters an enjoyable stay with us and a safe journey home.***

Well, as we come to the end of another rollercoaster year, it's arguably been one of the most successful in our long history. A year where we've won an unlikely promotion through the play offs after everyone wrote us off, and now put ourselves into the 3rd Round of the FA Cup by beating two EFL clubs and reached the quarter final of the National League Cup.

On top of the above, we've secured a record points tally for us of 50 points in 23 games and we now sit second in the league at the half way point of the season, while quietly putting together an improved infrastructure, team and squad to be proud of.

In the last 12 months we've also upgraded our floodlights, built a new away bar with toilets and a seated area. We've also finally completed the

new entrance road, home car park and barrier system, while creating a new control room complete with ground monitoring CCTV.

On top of the above we've lost the dug outs and created a new management technical area, improved the media areas, built a new fence line along the whole East side. We've also invested in a new Executive Office, while updating, improving and maintaining things across the whole site.

For those who went to Wealdstone on Boxing Day and looked at how they do things, I think you'll agree our facility upgrades is money well spent, though I accept raising facility standards at our level does cost a lot of money and other clubs' business models often mean they put most of their money on the pitch.

It's always a difficult balancing act when you're in my position, as I'm always looking to improve our facilities and infrastructure, whilst balancing staffing levels, academy and improving the first team budget and squad. It feels to me over the last few seasons that between my Finance Director Ciara Dyer, Sporting Director Charlie Hunter and Manager Luke Garrard, we are just about striking a balance and even though we do now have a few big injuries, it's going to be down to all of us to cope and still find ways to keep our momentum going without damaging the club financially in the short term.

Trust me though, if we do need to strengthen in key areas, and I think we might, then I'll remain open minded if the right situations present themselves. Why? Because in our current situation I'd be a complete fool not to give you, Luke and the dressing room the chance to dream the impossible dream. That said, everything must be looked at on its merit, but it's fair to say that at this point our manager, younger players, experienced players and our dressing room have been incredible to date.

It's also fair to say that the permanent signings of both Zak Brunt and Marley Marshall-Miranda during the season, has shown our intent to hang around at the top end of the league, possibly bloody a few noses along the way and if we can, we want to give ourselves a realistic chance to progress and have success on the pitch, while I plan heavily for our future off it.

With my experience I say to each and every one of you please enjoy what you are witnessing as the football played has been exceptional. I temper that by saying in football you are only ever one bad week away from the wheels coming off and tonight is a horrible reminder

of that, as we meet a very dangerous Solihull Moors team and it's a fixture that will give us a major obstacle to overcome this evening.

Why? Because Solihull have replaced their old manager with new manager Chris Millington who is a very well regarded Gaffer. Chris knows this level well, he's recently brought in some great players, he's now got a few back from injury and Solihull are now flying up the table and close to the top of the form guide.

For me if I was a betting man I'd fancy Solihull Moors to go very close to taking the last play off place this season and though I feel the top six might be beyond them after their slow start, I do feel under Chris Millington that they have already got themselves within touching distance of Southend United who sit in seventh. So for me if they maintain their form, keep their players fit and continue their momentum I can see them nicking that last play off place.

In terms of our injuries, we have both Tom White and Erico Sousa out for a good while. Tom has now successfully undergone his hamstring operation pre Christmas and we are hopefully now on a 10 week rehabilitation countdown for his return.

Erico, after a quite ridiculous challenge at Wealdstone, will undergo a scan tomorrow (Wednesday) once the swelling has gone down on his knee, but at this point we must plan for the worst and hope for the best.

On a more positive note, it's good to report that Luke Norris is now back fully fit after he tweaked his groin in the Carlisle United warm up, and with Marley Miranda-Marshall now signed on a permanent basis, they are both good to

go. That means we should be strong this evening and no doubt Lewis Richardson, with eight goals already in both league and cup, and Charles Clayden, will see Erico's injury as an opportunity for them to shine and get more game time.

I can also report that our little midfield dynamo Jon Benton has been released from his contract by mutual consent. Jon is a bright lad who knows his mind and he has chosen to go into the City full time in accountancy and go part time as a footballer. Jon did great for me, you and for this football club, he played a huge part in last season's play off promotion win and I'm very thankful to him and glad we can forever share those promotion memories. So for me to help Jon deal with the next stage of his personal journey was not difficult, based on his honesty and circumstances. So can I say on behalf of the football club, staff, dressing room and supporters "good luck Jon and thank you once again for being such a huge part of our promotion season".

### **Other Club News:**

There is such a lot going on in regard to the South End of the ground, including finalising the funding applications, laying out the supporting evidence and all things in between, that at times it makes your head hurt. That said, I do have to deliver a scheme to our partners at HBC, EBTC, AFC and residents that works for all stakeholders..

As you know, there has already been a series of delays for one reason or another, there has also been some serious project price increases based on me perhaps wanting all the sweets in the sweet shop haha, but luckily I've come to my senses.....because my out of control South Stand wish list has meant other than watching the Carlisle United

and Wealdstone games, I've spent most of Christmas re-working the budgets.

Even as I write these notes, I'm still a fair few quid over where I want to be but I'm prepared to underwrite the current figures personally to get my Community Infrastructure Levy (CIL) bids into the Council while completing my Football Foundation and Elstree and Boreham Wood Town Council bids. If I can complete these things in January, it will give me an outside chance of keeping the project on schedule.

With timeline pressures mounting off the pitch, I do hope Luke and the dressing room can continue our home form and get us another positive result this evening but these things are never easy. A win would obviously keep our momentum going and keep people's expectations growing, which in truth I do not want to dampen.

For me, the football being played is so exciting to watch and makes me very happy, especially as the South End project is full of red tape, lots of box ticking and a lot of one step forward two steps back at this stage. All of that means I should anticipate a lot more behind closed door meeting with my architect, QS, contractors, business partners, long term sponsors and all local stakeholders. All of which means we must complete a variety of funding applications by January 5th as the clock really is ticking and time is running out.

Trust me this project will genuinely be ground breaking, for me it's a "legacy build" and of course that takes time, as it challenges everyone and must be done correctly. If we do it well it will change the local landscape, and transform this Football Club, transform Meadow Park and will I believe treble the third party spend in and around the club and the local area.

Tonight though is all about staying in touch with the leading teams in our division who do not appear to be showing a weakness. That said we must deal with ourselves and deal with a very good Solihull Moors team and try and continue our very positive festive period league form. That form has seen us beat a very good Carlisle United team here 2-0 nine days ago and then saw us quietly deal with local rivals Wealdstone at their place 4-0 on Boxing Day.

I really must now thank all our home fans for your fantastic support in both of those festive games, as we got our best home crowd of the season against Carlisle United and that win I believe then resulted in our biggest away following of the season turning up at Wealdstone.

I hope that both of those performances might convince more of you to turn out this evening and in the future, because if you do, this squad will strive to give you great performances to show our gratitude as we strive to dream the impossible dream.

Finally can I wish everyone of all ages and both our old and new fans a very happy, healthy and peaceful New Year. For many of you, I know as we enter a New Year, that you may be without a loved one for the very first time as they've passed and I know that is such a difficult and emotional pill to swallow.

Please trust me when I say the tears will come but you are not alone on New Years Eve or on any other night for that matter. Always know there are many of us out there who understand how you are feeling and know how long the nights seem to last. Trust me the pain does ease and those great memories will return but it does take time.

No doubt I'll be raising a glass and a silent prayer to my remaining family and to all absent family and friends, who are all etched in the lines on my face and on the palm of my hands.

To the younger generation amongst the 'Wood Army', who have their whole lives in front of them, I hope you enjoy the greatest New Year of your young lives. Life genuinely passes you by very quickly so enjoy it to the hilt and I wish you everything that you would wish yourselves and so much more.

As an aside, our 'Wood Army' youngsters have brought such energy and such vibrancy to our football club over the last two seasons and their efforts cannot be underestimated. As such I'm more determined than ever to give you all a community football club that will one day sit within the Football League - but until that time, always stay with us, always stay loyal and always stay patient - it's the Wood way and it has served us well.

Let me wish you a very Happy, Healthy and Peaceful New Year and may God Bless you all,

Take care

*Danny*

## ***Good evening, firstly I would like to welcome Chris Millington, his Staff and Players to Mangata Developments Stadium for tonight's Enterprise National League fixture.***

Chris has done an incredible job since taking over back in October, currently sitting 4th in the form guide averaging just shy of 2 points per game having built a side that possesses real quality throughout.

He has steadied the ship and now looks on course for a late charge to get into the play-offs and with his experience and know how I wouldn't put it past him.

They arrive here this evening having achieved back-to-back victories scoring eleven goals and only conceding two. This will give them belief for tonight and we are under no illusions of how tough the task will be.

For us we also have had a really positive Christmas period and want to finish off this calendar year with a positive performance and result tonight.

Having faced Carlisle here 10 days ago and then travelling to our local rivals 5 days later, gaining maximum points from both matches was very pleasing.

The way in which we navigated our way through two very tough fixtures was a testament to the squad and the level of consistency they are showing currently.

The way in which we performed over large periods in both matches was extremely pleasing, both sides presenting different challenges and for us to assess, acknowledge and adapt is a credit to the boys.

The way in which the squad has progressed since pre-season has been brilliant, we had a team meeting last week and I praised them about the speed in which they have grasped all this new information and the way in which they are learning.

We are seeing sides present slightly different to how they have been prior with alternative opposition, this in itself is a challenge for us. With all our analysis and prep we don't leave no stone unturned and we will always pre-empt slight changes in how they may look to affect us.

This is why our "concept" has been such a success this year, we are extremely fluid in the way in which we look to take control of the game. However, the opposition try to press us we have solutions for all scenarios and that has been evident in our play.

The boys understand and appreciate how to roll in and out of shapes to create certain overloads to

give us the best opportunity of progressing up the pitch and attacking their goal.

We have showed in recent weeks very good variation, we are not one dimensional and have many ways of scoring goals, even as recently as Wealdstone away we scored four and two of them were from restarts.

This has been an area we have addressed for us to improve and I have to say we have seen an increase in return which is going to be fundamental if we are to maintain doing what we are doing.

We have another 10 game review coming up and we will look at how the previous matches have gone and also look at where we need to improve.

This dressing room is one that likes to be challenged and most definitely has an intrinsic mindset attitude which for me is great, it allows for me and the staff to continually look for improvement and growth which is huge for any teams progression.

We have quietly improved the squad over the last month or so with some permanent additions and short-term loans. We now understand we are in a delicate position with our next few signings, getting the right quality but also maintaining the harmony of the group is going to be key.

We want to go into the New Year with all this confidence and belief, giving us the best opportunity of creating some memories for this Season.

I want to wish all the fans a healthy & happy 2026 and I'll look forward to seeing out 2025 with you guys this evening ending our calendar year with a huge 3 points.

Get right behind the players and give them the energy to continue the great work they are currently doing.

Be Loud, Be proud, B'WOOD

Enjoy the Game.

## Manager: Chris MILLINGTON

In his third month in his reign at Damson Park, Chris Millington was appointed in October to replace Matt Taylor following a winless start to the Enterprise National League campaign. The 50-year-old brings a wealth of experience having had a successful three-year stint with fellow National League outfit FC Halifax Town with two play-off finishes and an Isuzu FA Trophy triumph in 2022. After losing out to eventual winners Oldham Athletic in the play-off eliminator last term, Millington resigned from his post.

# ONES TO WATCH

## Jamey OSBORNE

**Born:** 7 June 1992

**Position:** Midfield

Solihull-born midfielder Jamey Osborne is the captain of the Moors and a key figure at Damson Park. A product of Hednesford Town's academy, he built a reputation for spectacular goals and big-game performances before spells with Redditch United and a move to the Moors in 2016. After a stint in the EFL with Grimsby Town, Osborne returned to Solihull, where his leadership, creativity and experience continue to drive the side forward.

## Bradley STEVENSON

**Born:** 12 September 1998

**Position:** Midfield

Stevenson is a dynamic attacking midfielder who is into his second season at Damson Park after working his way up the non-league ladder. After failing to make a mark on the Gillingham first-team, the 27-year-old signed for Herne Bay after a plethora of loan stints at clubs including Margate and Cray Wanderers. It wasn't until his move to Billericay Town in 2022 where he demonstrated his attacking credentials, registering 46 goals contributions in his final season before a switch to professional football.

## Conor WILKINSON

**Born:** 23 January 1995

**Position:** Forward

An experienced striker who has also represented the Republic of Ireland at youth level, Conor Wilkinson has played the vast amount of his football in the Football League. The Millwall youngster started out at Bolton Wanderers before making the switch to Gillingham in 2017, becoming recognised as a seasoned goal-scorer in further stints at Dagenham & Redbridge, Leyton Orient and Walsall. After spending a season in Scotland with Motherwell, Wilkinson headed south to Solihull and has netted two goals in nine appearances.

16 August 2023 // 15:00 // National League

**Solihull Moors inflicted Wood's first defeat of the 2023/24 campaign, scoring once in each half through Mark Beck and Jamey Osborne, and surviving a late rally from the hosts.**

After early chances for James Clarke and Osborne, the visitors took a deserved lead on 39 minutes when Beck powered home a header from a corner. Wood struggled to respond before the interval and went in behind. Luke Garrard's side showed greater intent after half-time, forcing early corners and threatening through Jamal Fyfield, who went close from distance.

However, hopes of a Wood comeback were dented as Solihull struck again on 53 minutes as Osborne produced a superb 25-yard drive that beat the goalkeeper. Wood pushed hard in the closing stages and pulled one back in stoppage time through David Agbontohoma's header, but Solihull's defence held firm under pressure to secure a 2-1 victory away from home.

26 December 2025 // 15:00 // National League

**Two goals in each half earned Boreham Wood an emphatic 4–0 victory over Wealdstone in West London, inflicting the Stones' first home defeat since August and lifting Luke Garrard's side to second place in the Enterprise National League.**

Garrard named an unchanged XI and Wood made the perfect start, taking the lead inside two minutes when Abdul Abdulmalik clipped home after Chris Bush's ball over the top. Wood dominated early possession, though their rhythm was briefly disrupted when Erico Sousa was forced off injured. The visitors doubled their advantage on 26 minutes as Matt Rush finished from close range, before Wealdstone threatened sporadically but were denied by an impressive Ted Curd.

After the break, Wood extended their lead when Abdulmalik's driving run set up Lewis Richardson to make it 3–0. Richardson completed the scoring on 81 minutes, reacting quickest in a goalmouth scramble. Clinical and well supported by 358 travelling fans, Wood rounded off a memorable afternoon.

**Boreham Wood delivered an impressive 2-0 victory over promotion rivals Carlisle United, producing a dominant display to give their supporters an early Christmas present.**

Garrard made two changes from the FA Trophy defeat to Brackley, with Erico Sousa and Matt Rush returning to the starting XI. Wood started brightly and could have scored inside the opening minute, before continuing to control possession and create the better chances. Carlisle threatened briefly, but it was the hosts who struck first on 31 minutes, Brunt finishing emphatically after good work from Jeff King. Six minutes later, Abdul Abdulmalik reacted quickest to a rebound to double the lead.

Carlisle pressed after the break, but Wood defended resolutely and remained the more dangerous side, going close on several occasions. A professional second-half display sealed a deserved and significant win.

THE EMIRATES FA CUP - THIRD ROUND

# AT MEADOW PARK

**The Third Round Proper is back at Meadow Park, and the stage is set for more magical Emirates FA Cup memories.**

This is more than just another cup tie; it's a chance to dare to dream again. The Emirates FA Cup has only taken us as far as the Fifth Round Proper once in our history, and moments like that don't come around often. If we're going to do it again, we need the Wood Army loud, proud, and right behind the team.

Let's pack the North Bank, fill Meadow Park to the rafters and push Luke and the lads forward as we look to write another unforgettable chapter in our FA Cup story. A place in the Fourth Round Proper would mark just the second time we've ever reached that stage – and from there, who knows how far we could go?

We can do it again. But we can't do it without YOU. We want noise in the north bank and hope in our hearts!

## **The Message Is Simple**

Luke, the players, and everyone connected with the club understand the significance of these FA Cup matchdays. We need the drum, the noise, and the passion. From the first whistle, we need the North Bank united and driving the team forward. We need the whole town to come together, to turn Meadow Park into the fortress it can be and to help us take another league scalp!

# LATEST ENTERPRISE NATIONAL LEAGUE NEWS

## NEW HOPE FOR THE TINNERS

Truro City manager John Askey believes his side can still avoid relegation after a vital 1-0 victory over Yeovil Town boosted their National League survival hopes.

Although the Tinnars remain bottom of the table, the win reduced the gap to safety to just three points. Truro have now won two of their last three matches following a run of five straight defeats.

Askey is optimistic that strong home form against Tamworth, Brackley Town and Scunthorpe United can keep them in contention. Speaking to BBC Radio Cornwall, Askey praised his players' resilience and spirit, insisting that picking up points, regardless of performance, is key to staying in the division.

## A BOOST FOR BRAINTREE

Braintree Town have completed the signing of forward Aramide Oteh. The 27-year-old became a free agent after leaving Welsh champions The New Saints in November and had recently been on trial with Scunthorpe United.

Oteh brings a wealth of experience, having featured in the Champions League qualifiers for TNS in July. He began his career in the academy at Tottenham Hotspur and has since enjoyed spells with several EFL and non-league clubs, including QPR, Salford City, Crawley Town and Walsall.

Braintree have not confirmed the length of Oteh's contract, but his arrival adds proven attacking quality and experience to their squad as they continue their National League campaign.

## MINSTERMEN HALTED IN TITLE PURSUIT

York City suffered a slight blow to their title hopes as they were forced to share the spoils in a 2-2 draw with Boston United at the LNER Community Stadium last time out.

Ollie Pearce continued his fine goal-scoring form as he broke the deadlock with 38 minutes on the clock, the 30-year-old netting his 20th league goal of the campaign. Ollie Banks' red card just after the hour-mark proved to be the shift in the game as Graham Coughlan's side equalised courtesy of Alex Lankshear ten minutes later.

It looked like a fifth away win of the season was on the cards for the Pilgrims when Connor Teale netted four minutes from time. However, Josh Stones had the final say as he struck six minutes into additional time to ensure it was honours even.
