*Today we welcome Forest Green Rovers to Meadow Park, may I wish their Directors, Manager, players and supporters a pleasant stay with us and a safe journey home.*

Well it's not been a terrible last few weeks. After the Woking postponement, we've beaten Yeovil Town, drew down at Eastleigh after battering them, and beaten Truro City in the National League Cup semi final and now play West Ham United Development Squad here in the Final on a date at the time of writing, still to be agreed.

For me though if you want to talk football, then we should all be in for a huge treat today because two very good football teams and managers will go at. Both will look to play, both will look to go forward, both will want to possess the ball and both have very exciting players and the reality is a draw is no good for either club if we want to finish third.

In 10 weeks time the play offs will begin in earnest and it's fair to say that both teams on display this afternoon will still be fighting for a promotion place and a trip to Wembley Stadium and who knows this could well be a rehearsal for a play off quarter final, semi final or even final between our two clubs.

#### Other Club Info.

The one objection that has been holding up our Planning Application has now finally been lifted and that means our planning application can be heard in March.

In truth I expect it to pass with flying colours with a few conditions added, because it's an amazing project, it lifts up the local area, it's good for our

residents, it's good for park users, it's good for the local economy and high street and it's good for the football club's long term future, so what's not to like.

It's important for me to perhaps explain to our wider support base, to our residents, our town shop keepers, our retailers and our park users in more detail, just what an enormous undertaking myself, this club and even Hertsmere Borough Council have undertaken to create a true legacy project that for us will begin in May and take possibly another 18 months to 2 years to complete in its entirety.

On my side the project will include a community hub with a manager's office, analyst suite, breakfast area, club medical centre and the hub will include two new changing rooms and official rooms that can service both the Astro users and the park users if needed.

We will also tidy and solve the abomination and eyesore that is the Brook Road Car Park at the moment by creating new entrance roads, fence lines, landscaping and supporter pathways into and out of the club and trust me the visuals I've created do not do my designs justice. We will create a great innovative lighting design and matching signage, that will lift this club's standing within our community and the wider football community and I will ensure we remain the biggest non league football club in Hertfordshire.

Trust me when I say off the park we will now be ready if the opportunity ever arises to take our place within the EFL. As such, I've also designed new fan friendly digital turnstiles, inner stadium

walkways, a fantastic away or AWFC fan zone with extra toilets, a number of new catering outlets, a bespoke canopy, bench seating etc and I've included the normal things like Wi-Fi etc.

We will now build a new South Stand that will take our capacity to over 5,500 possibly closer to 6,000 and be fully compliant for EFL football if it ever comes and while we're at it, we will need to lengthen the pitch and the player run offs to be UEFA compliant.

On top of that the fence lines, grey brick walls, capping, curbing, tarmacking and the lighting that you see at the North Bank and home end entrance will be replicated to tie the whole onsite design together and show cohesion. As such it feels a little like I'm designing, building and dressing sets and back within the film industry.

To build on these things and to keep a good pitch, the whole facility and entrance areas must always be invested in, maintained and seen as a huge part of your infrastructure structure. As such we will need to build a new maintenance and grounds building for machinery, complete with wheel wash, dry storage areas and a service compound to facilitate the pitch needs and our overall site maintenance needs.

Put simply the project my end will take me around 18 months to complete, it will take me to 65 years of age, where have the years gone ha-ha. It will cost me, my companies and my partners more than four million pounds of further investment but in my opinion it will be a legacy project that so many of you can be proud of.

When you add in what Hertsmere Borough Council are also doing in tandem with us around the park, including building a new cafe, new park toilets, plus hugely upgrading, landscaping and creating a new lighting design and more parking spaces for Brook Road Car Park it means the whole area is going to look bigger and better than my visuals are showing and I will not stop pushing myself and others to give you something that's lived in my head rent free for more than 25 years.

As such after my meeting over the last week with HBC, with EBTC, with my Architect, Accountant and Finance Director I expect to start our side of the project (Phase 1) within 12 weeks, as I expect to get planning approval in March, and satisfy any conditions shortly after. I'll then quietly build something that I know my residents, our park users and my loyal fans can be proud of, which will be legacy and last long after I've been and gone.

I'm so proud of our relationships, I'm so proud of what we've built here together over the last quarter of a century. I'm proud of the progress this small non league club had made over the last 27 years and I'm perhaps even prouder of what we're about to build, as that could mean the best is yet to come?

The last few months have in truth taken their toll a tad, as it's been nothing but back to back meetings, budget rewrites, QS and design issues, further phone calls and more emails and even more meetings with my partners, with the National League, with the Football Foundation, with Hertsmere Borough Council, with the Town Council and with both Arsenal and Arsenal Women.

Some of the above have in truth been more supportive than others but that's a story for another day me thinks ha-ha. At the moment we must all focus on the job in hand as the project is nearly upon us and as such I don't need broken promises and don't need disingenuous soundbites.

I need harmony, I need a project led by myself that understands what our residents, wider community and our high street and retailers need and I will over the next month present the complete project, including the huge community benefits, to both sides of the political divide.

I'll outline the clubs long history since 1948 to those amongst us who don't know it. I'll explain what the club means to so many people locally and I'll show that our club, without needing to be asked, understands its community role, its responsibility and I'll present personally without the need for fanfare or fuss, to all the main local political parties at both HBC and EBTC and then report back to you.

I will of course stay on top of the Football Foundation Grant bid as that's important and I will work even harder on my partners at Arsenal to ensure we get their contributions to this project, as nobody gets a free lunch in this world and certainly not if they want to eat at my table.

As an aside we have now began our Academy trials for the next academic year that begins in September 2026. In truth as I've intimated before in my notes, it's important we improve ourselves in that area and that means there could be some personnel changes or tweaks within our structure.

I will also announce a new Education Provider very, very soon and that I feel will assist with our future recruitment and the service we can offer for better education solutions to our scholars.

At times with trying to achieve promotion and keeping this project on track and over the last year, it has felt a bit like wading through treacle. That said all good things are worth fighting for and I feel my continual 12 hour days, seven days a week approach will now be rewarded.

For many years I was forced to swim against the tide as I tried to give you a two, then three and now four sided football league ground but those set backs with one step forward and two steps back, taught me a lot about myself, who I could trust and local government.

Trust me if we pull this off after more than a quarter of a century it will all of course have been worth it. We are I feel possibly now walking to the starting line, the starter it feels has his starting gun in his hand and I can see the finishing line in front of me.

I know the obstacles in this race and I know exactly what I've got to do, and when the starters gun goes bang in May we will be off and running and that will be a joyous and perhaps reflective moment for me, as will making the play offs and fighting for a place in the EFL in the same month.

Anyway enough of my diatribe, let's get back to today and let's enjoy two very good play off chasing teams going at it.....no matter the result today and no matter what happens this season, like I've told you for many years, let's stick to the

fight when we're hardest hit, let's keep our friends close and our enemies closer. Let's strap ourselves in, as its going to be a rollercoaster over next 10 to 12 weeks so let's enjoy the ride.

Whatever we've achieved it's been achieved together over the last 27 years and in truth it hasn't been that bad as we now have a platform to go again and with a bit more investment, ambition and vision, with a fair wind aligned with the correct local political and match day support, I genuinely feel the best years are ahead of us.

For that to happen we must improve our park, car park, stadium and facility further, as that in itself will increase our wider support and if we can do that trust me we are on our way. As always a Chairman and owner is only as good as the team he puts around him. So I must thank my loyal staff, my loyal sponsors, my long standing partners, my dressing rooms over the years and my very loyal supporters.

Lastly, whoever you support let's hope for an open, attacking game and may the best team win.

Take care.

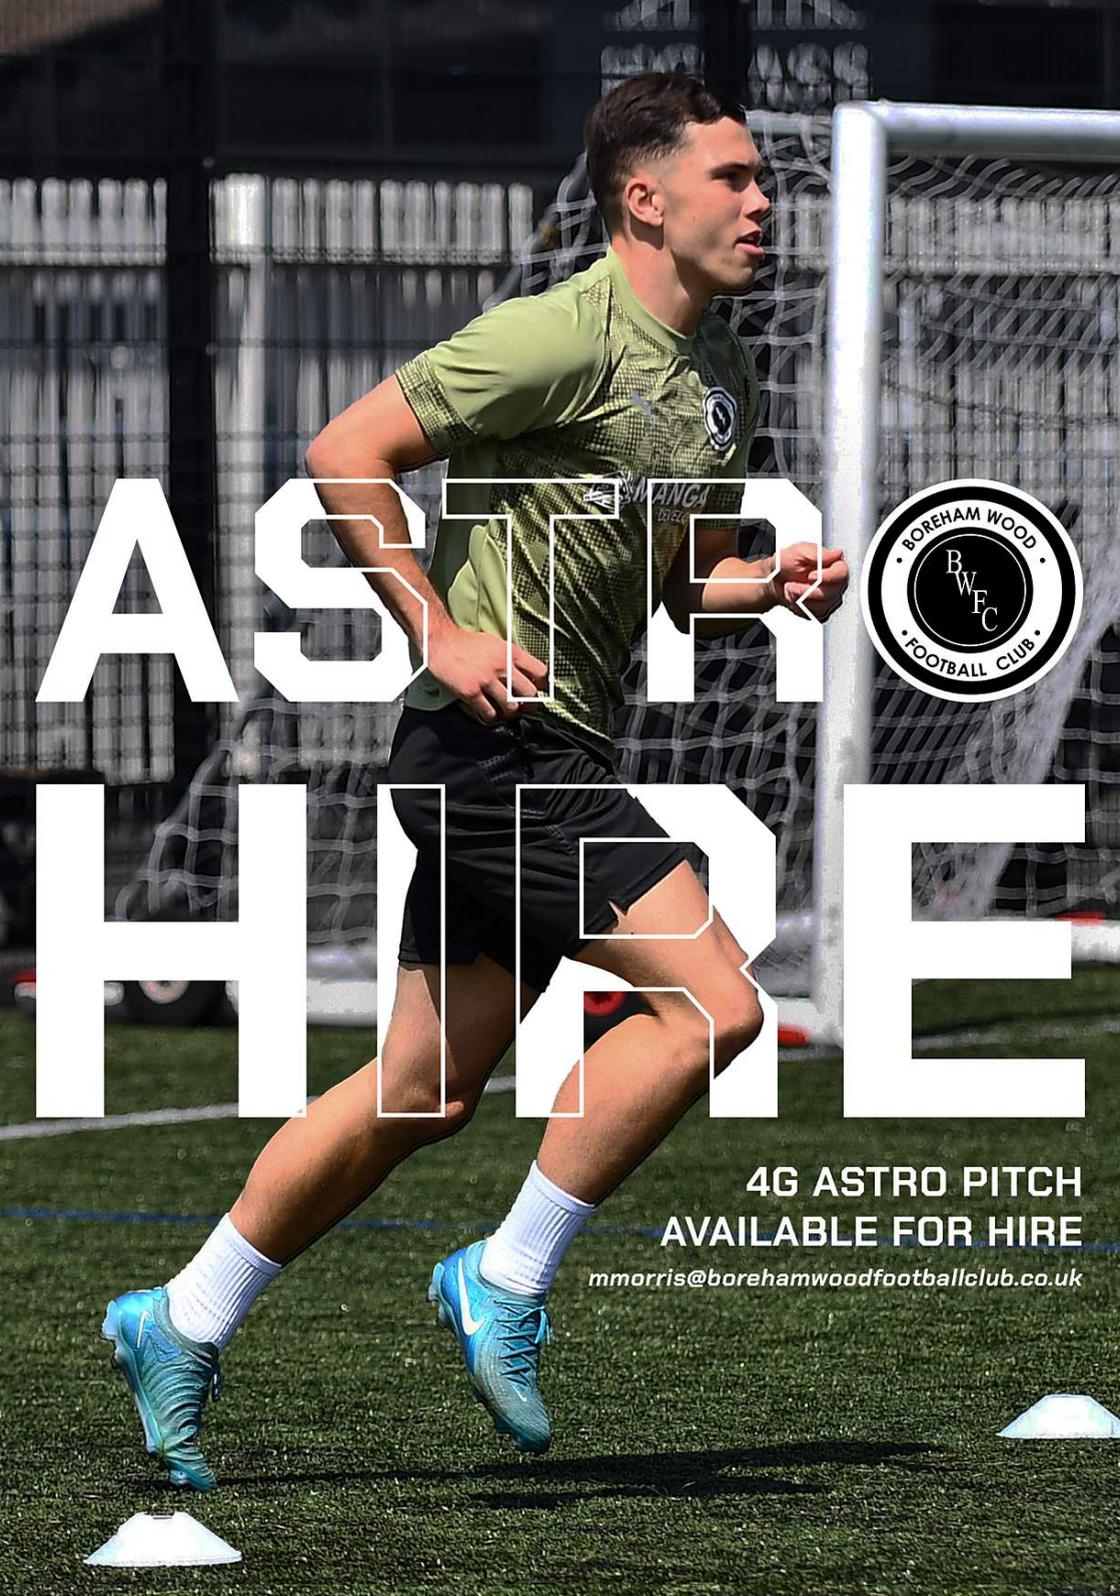

*Danny*

## ***Good afternoon, firstly I would like to welcome Robbie Savage, his Staff and Players to Mangata Developments Stadium for today's Enterprise National League fixture.***

We know how tough a task this afternoon will be especially with the personnel Forest Green have to their disposal, add to the fact they have not registered a win in their last three matches I can imagine they will be chomping at the bit to get back to winning ways.

Watching them over their last few fixtures you can see exactly why they are described as an exciting side and most definitely mirror their Managers behaviours.

For us we have to ensure we play to our maximum and control the game to the best of our ability, we know the areas we can exploit them and have taken a lot of our lessons from our previous encounter back in late October at their place.

It was important for us to come into today's game in form, for us to continue our current unbeaten run on Tuesday evening was huge on two fronts, one to progress to the final obviously and secondly winning breeds habits and for us to turn the corner slightly from our down turn in results was fundamental.

The performance on Tuesday evening flattered to deceive, I felt for large periods we looked toothless in our attacks and didn't have that cutting edge we have fondly witnessed regularly across the season to date.

All the prep was about us dominating a game and showing the level of consistency we have performed at especially in our two previous matches.

To then witness a very lacklustre display prior to the changes left me frustrated.

For us to have sustained success year on year we need to have a squad depth that when decimated with injuries and suspensions they seamlessly continue the work of the current starters and put a case down for them to keep a shirt.

This isn't me being negative, this is me challenging the current group, if we are to have a real shot at achieving something special this year standards have to be improved consistently.

We know we are quickly coming into the business end of the season and it's going to become very much cup football mentality.

What I mean by this is every three points will play a massive part in where we finish in the Table and that could be the difference between playing a one off game at home to potentially return up Wembley way.

The changing room needs to know and understand that we won't play to our maximum every week but then we have to show even more resilience when it comes to the basics.

I have a saying "Do the 7 out of 10 things 10 out of 10" that then gives you a base to build off.

We know we have quality and that was extremely evident when we made the changes on Tuesday, the level of performance went up a few notches and thankfully we managed to get over the line.

But now I want more, in fact I need more!

If we are to finish the Season and have memories to last a lifetime then we all have to up our game and no one has a pass on this.

I talk about the players needing to improve, I am also extending this to the staff.

We have an opportunity of a life time and these types of years don't come around often, so why not pour everything in? Go above and beyond to be the best version of yourself every day.

Get right behind the boys and give them the energy to deliver.

Be Loud, Be proud, B'WOOD

Enjoy the Game.

## Manager: Robbie SAVAGE

Robbie was appointed The Green's first team manager in July 2025 following a successful spell at Macclesfield. He helped secure promotion to the National League North at the club's first attempt after winning the Northern Premier League collecting 109 points, the highest ever points tally in Northern Premier League history. A successful start with his current side led to interest from Championship side & Savage's former club Blackburn Rovers, but his commitment lies at The New Lawn in his quest for managerial back to back promotions.

# ONES TO WATCH

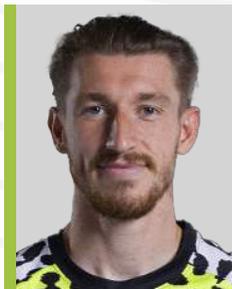

## Laurent MENDY

**Born:** 26 March 1997

**Position:** Goalkeeper

Frenchman Mendy was one of several men brought over from Macclesfield via Robbie Savage, and having attracted recent interest from Scottish Premiership side Hearts he's been one of the leaders of The Green squad as of recent. Being able to be deployed as a holding midfielder or a central defender, he's been part of a defence that's kept 8 clean sheets alongside having one of the best defensive records in the league.

## Tom KNOWLES

**Born:** 27 September 1998

**Position:** Winger

Primary left sided winger Tom has provided a second of two major threats down the flanks this season, contributing to 9 goals so far. Being able to be deployed as a defensive or attacking wide man, he has plenty of experience at EFL level from time at Walsall & Cambridge United. Having made over 75 appearances in a short space of time, he's been a key man in back-to-back promotion pushes for Forest Green.

## Kyle MCALLISTER

**Born:** 21 January 1998

**Position:** Winger

Top scorer Kyle has been the star of the show at Forest Green this year. He has the ability to play down either flank or in the attacking midfield role, and was once described by former manager Steve Cotterill as a "Swiss Army Knife", likened to someone who can do it all. With fourteen goal contributions in the league this season, he is The Greens' top scorer, being their main driving force going forward.

**Boreham Wood succumbed to their first defeat in 18 matches, losing 2-1 against Forest Green Rovers.**

Luke Garrard made two changes from Tuesday night's draw at York City, with Jeff King and Femi Ilesanmi, the two full-backs, returning to the starting line-up in place of Cameron Coxe and Joe Newton.

On 34 minutes, Rovers took a deserved lead when Buyabu beat Herrick from outside the penalty area with a well-struck shot.

On 65 minutes, Norris's pass picked out Matt Rush, who finished well to equalise and give him his 10th league goal of the season.

Just when Boreham Wood looked like being in the ascendancy for the first time, the hosts were awarded a penalty on 75 minutes when Coxe was adjudged to have handled the ball in the penalty area. Harvey Bunker made no mistake from 12 yards to restore Forest Green's lead.

17 February 2026 // 19:30 // National League Cup

**Boreham Wood took their place in the National League Cup Final with a hard fought 2-0 win against an impressive Truro City side with second half goals from Regan Booty and Matt Rush proving the difference between the two sides.**

The game seemingly swung Boreham Wood's way when Pyke was given a straight red card for a dangerous foul on Newton. Tinnars manager John Askey didn't take too kindly to the red card and let the referee know his feelings before he too, joined Pyke for an "early bath".

Just when the game looked like heading to penalties Booty gave Boreham Wood the lead, on 85 minutes with a deflected shot which sailed past Lavercombe in the Tinnars goal, much to the relief of Wood players and supporters.

With the final kick of the game Matt Rush was played in by Brunt to double Boreham Wood's lead and settle a few nerves along the way.

14 February 2026 // 15:00 // National League

**Boreham Wood had to make do with a share of the points following an entertaining encounter against a determined Eastleigh side.**

Boreham Wood had a lot of early possession, however the hosts took the lead on ten minutes when a Townsend free kick fell into the path of Aaron Blair who finished superbly past Nathan Ashmore in the Wood goal.

Wood got back on level terms after Richardson was brought down inside the area, and although Brunt's initial effort was saved, he followed up to strike home the rebound.

Five minutes later Wood took the lead when an excellent pass from Brunt picked out Lewis Richardson, who cut inside and finished well past Townsend.

Eastleigh got their equaliser when Saunders went on a good run down the left before crossing the ball in for Jake Tabor and the Swindon Town loanee made no mistake from close range.

## **GOLDING REJOINS SOUTHEND**

**Southend United have signed defender James Golding on loan from Championship side Oxford United for his second spell at Roots Hall.**

Golding spent the second half of last season with the Shrimpers, making fifteen appearances and scoring three goals. He was part of the squad who reached the play-off final last season, which unfortunately lost out to Oldham Athletic in the final at Wembley.

The 21-year-old, who has youth caps with Ireland, has already been at League Two outfit Crewe Alexandra this season. He returned to his parent club in January however, to recover from an injury he sustained in November.

## **FOREST GREEN SIGN OSUDE**

**Forest Green Rovers have signed winger Joshua Osude on a permanent deal at Woking.**

The 26-year-old joins from the Cards after making 25 appearances and scoring four goals across this season so far.

Beginning his career in Bishop's Stortford, he then joined Hashtag United where he made 71 appearances in his first spell. Two further spells then followed at "The Tags", before he then made the move to full time football with Woking in March of last year.

The club have confirmed that he will wear the number 43 shirt at the club and will be immediately ready for selection for their next fixture.

## **NATIONAL LEAGUE PLAY-OFF DATES CONFIRMED**

**The National League have confirmed the play-off dates for this season, with the final to be held on Sunday 10th May at Wembley Stadium.**

The normal eliminator rounds will commence in the last week of April in midweek, with the weekend just days later marking the beginning of the semi-finals.

The dates of the eliminators have been confirmed as Tuesday 28th & 29th April respectively, where as usual fifth place will take on sixth place, and fourth will take on seventh. The winners of those will advance to the semi-finals, with both taking place on Sunday 3rd May, giving both sides a week to prepare for the final the following Sunday.
