SEASON 2021/22

WELCOME

Founded in 1948, Boreham Wood FC is now an established professional Football Club currently competing at Vanarama National League level. Despite currently playing in Non-League top tier, this has not always been the case, and in fact Wood's journey over the past two decades has arguably been one of Non-League's greatest success stories in recent history.

Over the past two decades, since current Club Chairman/Owner Danny Hunter took over the reins at Meadow Park in September 1999, we have built a Club at the heart of our Town and our Community, which has defied the odds to create a bespoke business model that has allowed the Club to develop outstanding facilities off the pitch, whilst coming within touching distance of the promise land, the English Football League, on the pitch.

The Club's development over the past two decades has created amazing sponsorship and advertising opportunities for both local and national businesses of all sizes, and an opportunity to join us on our journey as the tries to create history in the years to come.

Meadow Park is not only the home to Boreham Wood FC, but also houses our dear friends at Arsenal's Women side, who ply their trade in the Women's Super League and are the most successful women's side in English football history, as well as all Arsenal's Men's development sides at Under 18, 19 and 23 levels. This means sponsors of the Club are not only just exposed on a local and national league with Boreham Wood FC, but on a greater national and international level with our friends at Arsenal, creating a one-of-a-kind value-for-money sponsorship/advertising opportunity here at Meadow Park.

BROADCASTING AT MEADOW PARK

*Our sponsors are broadcast
both domestically and
internationally...*

Outside of the English Premier League, Meadow Park is arguably the most broadcasted stadium in English Football.

Boreham Wood FC are televised periodically via BT Sport (when selected), but are shown weekly on BT Sport's National League highlights show, which is aired every Saturday evening during the season live on BT Sport.

Whereas, Arsenal Women are broadcasted not only nationally but internationally for all their FA WSL fixtures, as well as their FA Cup and Continental Cup matches via BT Sport, BBC and the FA Player week-in-week-out.

Excitingly, the FA WSL has recently agreed a new contract to transfer broadcasting rights for the WSL from BT Sport to Sky, which means the FA WSL, Arsenal Women and Meadow Park will be broadcasted to more homes and on more TV screens than ever before.

Additionally to this, both Arsenal Women and Development matches are often featured on Arsenal's very own Arsenal Player.
