SEASON TICKET PRICES AND NEW MEMBERSHIP SCHEME ANNOUNCED

Boreham Wood FC are delighted to announce to our existing season ticket holders that your discounted season ticket price set last year will remain the same price for next season.

Our Chairman had publicly stated that he wanted to reward those of you who kept faith with him and the Club during the pandemic and he feels this offer means he has achieved that aim.

The Club can also confirm it will not be selling any other season tickets for any existing category for next season. Instead, the Club can announce after consultation with a wide range of long term and more casual supporters, that we will roll out a new affordable 'Black Card' membership scheme.

The scheme will include additional benefits such as entry into our new season ticket/members only bar, Club Shop discounts and will also include other facility hire discounts...

The Club can also announce that for those of you who have already, or will have by the season's end, purchased

12 or more home 'live' streams, you will receive a FREE membership for the 2021/22 season.

Upon this announcement, Chairman Danny Hunter said, "I've tried to find a way forward, to be fair to all and reward loyalty but I'm not going to please everyone... However, I'm genuinely excited by the new membership scheme, as it is both affordable and it signifies a more common-sense approach from the Club.

"It will allow us to assist many of our more casual supporters who, if I'm honest, are also season ticket holders at the likes of Arsenal, Spurs, Chelsea, West Ham and Watford, with an affordable new membership scheme that will give them discounted admission prices and allow entry into our new members only bar when they do visit Meadow Park...

"I stated publicly that I really wanted to reward, in the best way I could, our season ticket holders who have stuck with me during the pandemic and over the last year. I feel I've now done that, but after 22 seasons of trying to build regular home support, I do need to be a pragmatic Chairman who accepts the new challenges in front of me.

"We are a small community football club; we are punching well above our weight and I cannot at present meet our expectations. So, I've got to make people understand the costs to compete at this level are astronomical and somehow appeal to both our loyal and more casual supporters for some patience. In truth those casual supporters will only get to our bigger or midweek games and that all leaves our home support more aligned to the Ryman Premier League than the National League.

"I now need our fan base to rally around the Club, as it is still nowhere near the levels we will need if we are to sustain a football club within the National League as we come out of a pandemic. I will need fans to patiently stick with me if I'm to navigate a step-by-step approach to a more sustainable community football club that can hopefully remain competitive and with ambition.

"I need to completely rebuild my business model to create a clearer and more sustainable survival pathway that's not SO reliant just on me and my other businesses... As such, the Club business model over the next few years must be addressed carefully and I must somehow get this football club off of life support, as I know I cannot underpin the Clubs' huge losses, and even bigger expectations, indefinitely...

"Over the next 8 weeks or so, I will hopefully be able to announce a number of new commercial initiatives, certainly including a delayed planning schedule, while announcing one or two new longer-term partnerships and commercial contracts. In truth, I do need a bit of help occasionally, as we look to put together next season's first team squad, and the more people that get behind us the stronger we will be.

"Much has been made of my remortgage, tax deferment and the business interruption loan that has allowed us to get through this season. These issues now need to be readdressed, but it must be remembered that, despite assurances at the highest level, we were not successful with our Sport England Winter Survival loan application. That means creating a new business plan, with lots to overcome if I'm to navigate our Club to the holy grail of the first game of next season with a competitive squad and a Club that is solvent, as that is always my goal and that has never changed." Hunter concluded.

Good Afternoon. Firstly, I would like to welcome Stuart Maynard, his Players and Staff to Meadow Park for our National League Fixture.

Wealdstone will arrive here today off the back of a very positive result on Bank Holiday Monday in a derby against Barnet defeating them 5-1.

Wealdstone were the last team to defeat us in our previous eleven fixtures, when we went to them back at the start of March where we suffered a 1-0 loss. On reflection having watched the game back we were very productive but didn't manage to put our numerous amount of chances away.

Today we need to have the same intensity and application as we did that evening, but have that ruthlessness in front of goal.

They have added to their squad since we last played them and have got back scoring goals like they were doing earlier on in the season, so I can envisage another tough test.

The dressing room needs to understand this is a Derby, and we need to be right on it from the off. I know the mindset of many of the opposition today and if we are not at it across the park then we will come unstuck.

We had a Bank Holiday that featured another two draws, something that is painfully

starting to become consistent. Having remained unbeaten against the top two sides you would feel that was a positive return but adding that to five previous draws it's not giving us the points return we were looking to get having set a target going into the last third of the season.

I've said we need to hit championship form now to give us any chance of creeping into the Play Offs, but that's going to take some doing especially with the month we have in front of us with the likes of Chesterfield, Yeovil, Barnet and Stockport.

But I believe in this group and our return from the teams in the top seven has been very positive this year.

So until it is mathematically over we will be attacking every game to go out and get maximum points.

Let's hope for a positive performance and result.

Enjoy the game.

**Regards,
Luke**

Boreham Wood 2-2 Hartlepool United
Monday 5th April 2021, 3.00pm
Meadow Park, Vanarama National League

A seventy eight minute equaliser from Hartlepool substitute Richie Bennett ensured a ninth draw in the last ten league fixtures for Boreham Wood, despite Hartlepool having an outfield player in goal from the thirty-seventh minute.

Wood were unchanged from their 0-0 draw against Sutton United on Good Friday and definitely had the better of the first half. Despite this, it was the Pools who had the first real chance of the game with Rhys Oates scooping his half volley just past Nathan Ashmore's post. It was just five minutes in when Boreham Wood took the first lead of the game. After some excellent play down the right from Kane Smith, he played a ball into Kabs Tshimanga who held off two Hartlepool defenders before playing the ball back to Tyrone Marsh who finished well past Ben Killip in the Pools goal. Unfortunately for Boreham Wood, they switched off and less than a minute later Gavan Holohan equalised for the visitors following some excellent approach play from Luke Armstrong.

On the eleventh minute, play was held up for six minutes when two Pools players, goalkeeper Ben Killip and defender David Odusina clashed and resulting in them getting treatment. They eventually carried on. Hartlepool could have taken the lead on twenty-five minutes when the dangerous Armstrong played in Holohan but he fired over with the Boreham Wood defence exposed. Two minutes later Boreham Wood did regain their lead, following an excellent run by Corey Whitely! The Wood wide man beat Killip at his near post and it looked like the goalkeeper's

error had something to do with the injury he'd picked up earlier.

On thirty-six minutes it was obvious Killip couldn't continue and with no substitute keeper on the bench, Pools boss Dave Challinor brought on Richie Bennett and striker Rhys Oates went in goal. This gave Boreham Wood an excellent opportunity to test the novice goalkeeper and increase their lead. Wood spent the rest of the first half in the Pools half but the visitor's defence did a great job protecting their goalkeeper.

The second half was dominated by the visitors in terms of possession and chances. Boreham Wood failed to test Hartlepool's "makeshift goalkeeper" at all. The attacking threat of Hartlepool's David Ferguson and Luke Armstrong was putting Wood under pressure and for a time, our defence held firm. On seventy-one minutes Ashmore produced a fantastic point-blank save from an Armstrong header which was similar to other great saves he's produced this season, but unfortunately for The Wood, Ashmore could do nothing about the Pools goal at seventy-eight minutes when substitute Bennett produced a fantastic back post header. Just ten minutes later it looked like the visitors might have just won it but Ashmore made another excellent save to deny Armstrong and keep it level.

Luke Garrard was disappointed at another draw from a winning position, after the match, he said "It was a game of two halves. In the first half, we were brilliant. We created some good chances. We didn't have a shot in the second half with an outfield player in goal. The fact we have dropped two points again is a bugbear. I can't question their work ethic and commitment but it's frustrating that we can't see a game out".

**DANNY
WOODARDS**

What is your best memory as a Boreham Wood player?

That is a hard question to start off with especially with our FA Cup run this year and making history. But I would have to say walking out at Wembley with my daughter has to be the best memory and one I cherish from my time here. Such a great achievement and to experience with my kids was even better. hopefully we can go one further next time.

Today's game against a local rival, does that make a difference to a players mindset?

It shouldn't have an effect on your mindset, however it is always good to get one over your local rivals. But I don't think that effects a player's performance if anything it only makes a player want to get the three points more than normal. I do feel as though the boys in this changing room work as hard as they can every game no matter the opposition.

How do you prepare for a game? Do you have any rituals?

No I am not very superstitious. But I do have the same meal before every game which consists of scrambled eggs and beans on toast so maybe that.

Who is the biggest joker in the dressing room?

Oooh that is such a tough question! I genuinely couldn't pick one person... I would say everyone has their moments for sure. Ashmore is quite funny but so

is kano and Ricketts pipes up every now and again. I think it's a good group dynamic I couldn't pick just one.

Who do you hate playing against in training?

David Stephens, because he kicks me hahaha. No, I don't hate playing against anyone, but I am happy we are all on the same team come a Tuesday evening or Saturday!

Who's the best player you've played with? And why?

I couldn't pick one I have had a such a great chance to play with many great players. However, Neil Cox stands out as a great player and person and I had the pleasure of playing with him.

What is the best ground you've played at? And why?

Anfield. It has to be. No doubt in my mind with that answer. The atmosphere when we played them in the Cup it was indescribable. Once the fans start singing that really is something different.

Messi or Ronaldo? And why?

Messi. I Just like everything about him and the way he plays is so effortless.

If you were on a desert island, what three personal items would you take with you? And why?

I don't need three things. All I ask for is a boat to sail home.

2ND MARCH 2021
NATIONAL LEAGUE
GROSVENOR VALE

In a match where Boreham Wood missed a hatful of chances, it was the Club's Community Manager, Connor Smith who scored an unlikely first half winner for Wealdstone.

The home side had the better of the opening exchanges with their first effort on goal after eleven minutes when Junior Morias struck a shot straight at Harry Isted in the Stones goal.

But it was Connor Smith who gave Wealdstone the lead after twenty-five minutes when he took advantage of a ricochet off of Jamal Fyfield to finish well past Nathan Ashmore to score the only goal of the game.

THE OPPOSITION

WEALDSTONE FC

THE GAFFER

STUART MAYNARD

Maynard came to the Stones in May 2019 as Assistant to former boss Dean Brennan, whom he had worked with since 2012 at Hemel Hempstead Town, Billericay Town and Kingstorian.

Maynard also played for the Stones back in 1999/2000 after his release from Watford and had a lengthy playing career in non-league with St Albans City, Aylesbury United, Enfield, Hitchin Town, Dunstable Town, Chesham United, Barton Rovers, Halesowen Town, Aylesbury and Hemel Hempstead Town.

Maynard took over as Gaffer part way through the 2020/21 season from Dean Brennan and is supported in his position by assistant manager Matt Saunders.

THE STAND OUTS

THE DESTROYER

JEROME OKIMO

Jerome Okimo started his senior career with Isthmian South side Chalfont St. Peter where he spent seven years at the Club making over 300 appearances.

The central defender then made the switch to Wealdstone in 2013 and played a vital role in the Stones' promotion to the Conference South the following season. Okimo then moved on to Stevenage in 2014 where he spent two seasons before signing for National League side Braintree Town.

After spending just one campaign with Essex outfit Braintree, Okimo put pen to paper and re-signed for the Stones in 2017 and has made over 120 appearances since...

THE PLAYMAKER

CONNOR SMITH

Connor Smith was part of the 2010 TV show 'Footballer's Next Star', and later that year he joined the academy set-up at Watford.

The following season, Smith was loaned out to Wealdstone and the following season he put pen to paper and signed his first professional contract with the Hornets.

Smith spent time on loan with Gillingham and Stevenage in the Football League before departing Vicarage Road in 2016 where he signed with Plymouth Argyle.

The central midfielder spent one season with Plymouth and helped them earn promotion to League One before he signed for League Two outfit Yeovil Town.

In 2018, Smith joined us at Meadow Park but only spent half of the 2018/19 campaign with Wood before he joined Billericay Town.

Smith then joined the Stones at the start of the 2019/20 campaign and has featured 44 times since joining, including 25 appearances this season and scored two goals so far.

THE FINISHER

DENNON LEWIS

Dennon Lewis came through the youth academy with Watford and was awarded with his first professional deal in 2015.

Lewis then joined National League outfit Woking on loan in 2016 and featured 27 times for the Cards scoring 6 goals.

The forward then left Watford in 2018 due to his contract expiring and signed for Scottish Championship side Falkirk but left the Club soon after due to personal reasons.

Following his departure from Falkirk, Lewis signed for National League side Bromley but after making just six appearances he signed for Wealdstone. Since he joined the Stones, Lewis has been a mainstay in the side, playing a pivotal role and scoring vital goals in last season's promotion campaign with the Stones.

GOALKEEPERS

HARRY ISTED

Young keeper with a bright future, currently at the Stones on his third separate loan spell from Luton Town. Has made three appearances for his parent club, all in the EFL Trophy and originally joined the Stones last season, playing 10 appearances and earning five clean sheets, helping toward the National League South title in the process. He returned for the first half of the 2020/21 season in the National League but it was cut short due to Luton having an injury in their goalkeeping department. He rejoined the Stones on loan in January 2021 for the remainder of the season and has also spent time on loan at Chesham United and Oxford City whilst with the Hatters.

JAKE ASKEW

Askew is an up and coming keeper that joined the Stones in May 2020 following his release from Chelsea's Academy. A Ruislip native, the keeper grew up just a stones-throw from Wealdstone's Grosvenor Vale stadium.

LEWIS EVERRET

20-year-old Goalkeeper Everett joined the Stones in November 2019. The shot-stopper spent time abroad in the US playing for the West Virginia University Institute of Technology in 2017, before returning to the UK playing for Harrow Borough, Hanwell Town and Rayners Lane.

DEFENDERS

JACK CAWLEY

The powerful and stylish 27 year old central defender recently joined from Concord Rangers - with whom he reached the FA Trophy semi-final last season - but was 'scouted' by Dean Brennan when playing for Heybridge Swifts at Step 5 level. Jack later went on to captain Maldon & Tiptree.

MICHEE EFETE

A product of Norwich City's youth set up where he became a regular in the Canaries' Under-23 Academy side, Michee was released by the Championship club in 2018. Following a largely unsatisfactory season with Maidstone United, Bath City and Billericay Town, Dean Brennan quickly stepped in to sign him - and the 23-year-old right back's performances, both in defence and attack, became a crucial element of the team's success. He scored eight goals - a magnificent return for a full back. During the latter part of his stay at Norwich Michee had enjoyed loan periods, initially at Bredablick in Iceland and then with Torquay United.

JACOB MENDY MENDY

23-year-old Jacob spent much of his formative years in Spain where he was involved with the Atletico Madrid youth set up. On arrival back in England, Jacob initially linked up with Redhill but then moved to Carshalton Athletic where he enjoyed a successful season as part of The Robins' side that gained promotion to the Isthmian Premier Division. Equally comfortable at left back or left wing, manager Brennan initially employed him in an attacking role where he thumped in several highly impressive goals. He was then moved to left back to cover for injuries where he settled down to make the position his own.

CONNOR STEVENS

Connor spent 10 years in Watford's youth and academy before his release from the Vicarage Road club in the summer of 2018, Wealdstone quickly snaffling his signature, and there is no doubt he quickly matured into one of the finest centre backs in the National League South. His rock-solid central defensive partnership with skipper Jerome Okimo helped see him selected for the England C team squad at the end of the 2018-19 season but he had to withdraw due to illness.

DAN WISHART

Dan progressed through the ranks of his local club Hayes & Yeading, initially playing over 100 first team matches for them before his transfer to Alfreton Town in 2013. He then signed a two-year contract with Sutton United, moving up the ladder to Forest Green Rovers where he played in the EFL before returning to Sutton and then Maidstone United, from whom Dean Brennan signed him. Equally at home at wing back and left back, Dan is a former England C international and a powerful and experienced player. He'll be a welcome acquisition for the club on its return to the top tier of non-league after a 32 year gap.

MIDFIELDERS

ASHLEY CHARLES

The talented midfielder, still just 21, is a product of Watford FC's Academy. Initially loaned out to Barnet for the latter part of the 2018/19 season, Ashley was finally released by Watford and signed for the Stones in October of last year. Used mostly from the bench in the early part of the campaign, Ashley featured increasingly as the season progressed and ended up starting 14 times before football's shut-down in mid-March.

ALEX DYER

Signed just in time for the start of the season, this will be Alex's second spell with the club. Released by his first club Northampton Town in 2010, Alex joined The Stones and remained with the club until 2013, in the process making 117 appearances and scoring 32 goals from midfield. He moved on to Welling United, then newly promoted to the National League, before transferring to Swedish side Ostersunds, then managed by Graham Potter the current manager of Brighton & Hove Albion. The player transferred to fellow Swedish top level club Effsborg, before moving on loan to

Lillistrom in Norway and finally Ad Talhamon in Kuwait. On his return to the UK Dean Brennan moved quickly to bring him "home". Alex is a Montserrat international.

DANNY GREEN

Greenie was a big signing for Wealdstone at the start of the 2016/17 season having previously turned out for, amongst others, Dagenham & Redbridge, Maidenhead and Margate. His magic wand of a left foot, touch, movement and link up play was a feature of the success that the team enjoyed throughout last season. With 170 starts for the team only skipper Jerome Okimo of the current squad has made more appearances for the Stones.

MICHAEL PHILLIPS

South London lad Michael spent his formative footballing years at Crystal Palace. Released by Palace in 2018, Michael signed for National League club Maidstone. Despite the team suffering relegation, Michael enjoyed an excellent season and was voted the supporters' player of the year. Unexpectedly released, Dean Brennan moved quickly to secure him on contract before the start of last season. It proved to be an inspired signing. Michael is a versatile footballer who can play in a variety of midfield or defensive positions, although his favoured one is in central midfield where he became an essential cog in the title-winning side.

FORWARDS

KUNDAI BENYU

A product of Ipswich Town's youth and academy set up, Kundai enjoyed a successful loan spell with Aldershot town of the National League in 2016/17 season, making 25 appearances and scoring 5 goals. In 2017 he signed a 4 year contract with Celtic in Scotland but made just 1 appearance for the Glasgow club whilst being loaned out to Oldham Athletic and Helsingborg FC in

Sweden. Dean Brennan secured his signature following the player's release from Celtic and his return to the UK. Has been capped twice by Zimbabwe.

MOSES EMMANUEL

Moses burst on to the football scene as an 18 year old playing for Croydon Athletic where he scored 19 goals in 36 appearances.

This alerted Brentford who signed him as a professional. His time with the Bees was short and his career really took root at Woking where, over 2 seasons, he scored 29 goals in 110 appearances. Moses moved on to serve Eastleigh and Dover and Bromley where he scored 32 goals in 85 appearances and cemented his reputation as a feared striker in top level non-league football. Short stays at Dover Athletic, Sutton and Maidenhead were followed by a highly successful 2018/19 season at Billericay Town where he notched 22 goals from 49 appearances. Following a short stay at Welling Dean Brennan tempted Moses across to The Vale for the run in to the season. The striker's 4 goals in 8 games helped the team lift the title.

CHARLEE HUGHES

The 24 year old schoolteacher signed for Wealdstone during the close season having previously starred for Burnham Ramblers in the Essex Senior League, Brentwood and, most famously, Maldon & Tiptree where he formed a three-pronged strike partnership with Danny Parrish and Jerome Slew who between them scored close to 100 goals. Charlee contributed 29 goals for the Essex based side that held a 14 point lead at the top of the Isthmian League North Division before the season's cancellation, and which defeated Leyton Orient in the FA Cup 1st Round Proper before losing narrowly to Newport County in the 2nd Round.

ROSS LAFAYETTE

Ross was undoubtedly Wealdstone's stellar signing for the 2019/20 campaign. Long established as a feared striker in top non-league football for, amongst others, Hemel Hempstead, Welling (for whom he scored 36 goals from 79 appearances), Eastleigh, Aldershot, Dover and Sutton. After a brief loan spell at Maidstone United, Ross joined the Glen Tamplin show at Billericay but the now-33 year-old did not settle there well and came back closer to home to Wealdstone with the intention of enjoying the autumn of his football career at The Vale.

DANNY PARISH

The 21 year old forward spent his formative years at Brentford. Following his release from the Bees he had a short spell at Concord Rangers before a move to Thamesmead Town and Ashford United where he started banging in goals for fun. His move to Maldon & Tiptree last season brought him national recognition as part of the team that enjoyed a long and exciting run in the FA Cup and where the pacey and direct forward scored 30 goals in 36 appearances.

JOROME SLEW

A former Sheffield United youth team player, the young Slew was loaned out to Mickleover and Matlock Town before his release from Bramall Lane, following which he enjoyed short stints at Goole, Chester and North Ferriby. On moving south he joined Wealdstone early in the 2018/19 season but rarely featured, drifted away, and finally found his goalscoring touch at Maldon & Tiptree. On re-signing for The Stones, Jerome completed the link up with his fellow Maldon sharpshooters Dan Parish and Charlee Hughes who have also made the move west from the Essex club.
